

Products :

365CleanBot-C30

Multiple Functions, Professional Cleaning

The robot can **simultaneously perform sweeping, vacuuming, dust pushing, and other cleaning tasks**, equipped with a powerful suction motor to clean up common garbage.

Convenient and User-Friendly

With a handle-equipped screen, a user-friendly interface and quick disassembly design, the robot is convenient to use and easy to operate.

Smart and Agile with Safety Protection

Featuring 3 Depth Stereo Vision and intelligent obstacle avoidance, the robot can maneuver agilely through crowds while ensuring operational safety.

Self Charging

Configure the robot's operating hours according to your usage schedule. It **autonomously returns to recharge after shifts**, ensuring optimal energy levels for worry-free operation during service hours.

Specifications : 365CleanBot-C30

Specifications of CleanBot	
Product Size	490mm x 620mm x 750mm
Weight	35kg
Speed	0.7 m/s
Slope Angle	≤ 7°
Dust Collection	3.5L/bag
Network Supports	4G (Support TDD-LTE, FDD-LTE), WIFI (2412-2472MHz)
Battery	Ternary Lithium Battery, DC 25.2V 30Ah
Battery Life	Sweeping & Vacuuming : 3 - 4 H / Dust-pushing Mode : 10 H
Charging Mode	Automatic Charging (Charging Pile) / Manual Charging
Charging Time	2 - 3 Hours
Cleaning Mode	Vacuuming, Sweeping & Dust-pushing
Cleaning Efficiency	540m ² /h
Cleaning Width	455mm (Double Side Brush + Rolling Brush)
Noise	61 - 68db
Package Content	Robot x 1, Charging Pile x 1, Product Manual x 1, Dust Push Board x 1, Dust Push Mop x 1, Side Brush x 2, Rolling Brush x 1, Dust Bag x 1, Bird Brush x 1, Vacuum Brush x 1
Specifications of Charging Pile	
Charging Pile Size	227mm x 202mm x 354mm
Maximum Power	450W
Rated Input	100-240V~, 50/60Hz
